“Celebrating 50 years of Excellence in Education”

MMPS/Circular/12/2020

Dated : 09.07.2020

Dear Parents

Warm Greetings!

Hope you and your family are keeping safe. As intimated earlier, the school has reopened after the summer break with the virtual/online classes. Although we all are missing the regular classroom teaching but our teachers are putting in their best foot forward to help and assist our students with their interactive online teaching. They are working really hard to make every possible study material available to the students so that the students are at ease and are not affected by the absence of a regular classroom pattern. We really need to appreciate our teachers for their efforts as working from home with limited resources amidst this situation of closure of schools is not at all easy. Further we want to thank all the ‘Responsible Parent’ who have been depositing their fees regularly on time and cooperating with the school. We appreciate this fact that they understand that the school needs the support of its teachers as well as parents’ fraternity to provide better educational facilities to its students.

We would also like to once again request the parents who have not deposited the fees till now to be responsible enough and deposit the fees as soon as possible so that the school can also function smoothly and concentrate on imparting quality education to its students without any hurdles. We need to understand that our teachers also deserve timely payment of their salaries for their hard work and dedication which is only possible with the support of our parents. For imparting uninterrupted, continuous and quality education we once again request for timely payment of fees and clearance of your dues.

Let’s all pray and wish for better health and future of everyone around.

Take good care and STAY SAFE.
