“Celebrating 50 years of Excellence in Education”

MMPS/Circular/09/2020

Dated : 18.05.2020

Dear Parents

Greetings !

In these difficult times when the entire world is going through this unforeseen situation of Corona Virus, MMPS sincerely hopes and wishes that you and your entire family are healthy and safe. We completely understand and agree to this fact that time is difficult for you all but would also like to emphasize that the time is equally difficult for the school and the teachers who are putting in a lot of effort so that our students do not miss on their academics. They are working really hard to make every possible study material available to the students so that the students are at ease and should not feel the pressure of the absence of a regular classroom pattern. We really need to appreciate our teachers for their efforts as working from home with limited resources amidst this situation of lockdown is not at all easy.

Further we want to thank all the ‘Responsible Parents’ who have been depositing their fees regularly on the time and cooperating with the school. We appreciate this fact that they understand that the school needs the support of its teachers as well as parents’ fraternity to provide better educational facilities to its students.

We would also like to once again request the parent who have not deposited the fees till now to be responsible enough and deposit the fees as soon as possible so that the school can also function smoothly and concentrate on impartial quality education to its students without any hurdles.

Let’s all pray and wish for better health and future for everyone around.

Take good care and STAY SAFE

PRINCIPAL
