Monsoon Safety Advisory for Students

Dear Parents,

With the onset of the monsoon season, we request your cooperation in ensuring the safety, health, and well-being of our students. Kindly take note of the following safety measures:

1. Ensure that your child carries a raincoat or umbrella on rainy days.
2. If heavy rainfall, waterlogging, or unsafe weather conditions make travel difficult, please use your discretion and inform the school if your child is unable to attend.
3. Advise your child to avoid walking through flooded roads, open drains, or stagnant water while commuting to and from school.
4. If possible, send an extra pair of socks in your child's school bag in case his/her socks become wet.
5. Please ensure that your child carries a filled water bottle and stays adequately hydrated throughout the day.
6. Encourage your child to eat freshly prepared, nutritious home-cooked meals and avoid consuming junk food or food from unhygienic roadside vendors, as waterborne illnesses are more common during the monsoon.
7. Kindly ensure that your child washes this/her hands before meals and maintains good personal hygiene to help prevent seasonal infections.
8. Keep your child at home if he/she is unwell or showing symptoms of fever, cough, cold, vomiting, diarrhoea, or any contagious illness, and seek medical advice when necessary.
9. Ensure that your child's contact details and emergency contact information are updated with the school so that we can reach you promptly if required.

The school will continue to monitor weather conditions and take all necessary precautions to provide a safe and secure learning environment.

We appreciate your continued support and cooperation in ensuring the safety and well-being of our students during the monsoon season.
