“Celebrating 50 years of Excellence in Education”

MMPS/Circular/11/2020

Dated : 30.05.2020

Dear Parents

Warm Greetings!

Hope you and your family are keeping safe in these challenging times of Corona Virus. We all know that this year the summer break is not going to be the same. No travel plans, no outings, no movies and for many not even naani house. This year it is going to be ‘Stay Home Stay Safe Vacation’. We know that our children are power-houses of energy and we need to channelize their energy in some positive way. Since this summer break we cannot involve them in outdoor physical activities, so let’s encourage them to explore their creative sides. The closed and restricted boundary of our house should not hinder their creative outflow. Motivate them to read, paint, sketch, colour and cook. Let the hidden chefs, poets, story writers, painters come out and showcase their artistic and culinary skills. Let’s try and keep them away from gadgets and instead involve them in nurturing ‘Mother Nature’.

Let’s use this time to build healthy family bonding and spend some quality time with our kids. Let’s go back to our basics and try to inculcate some good human values in our children. Let us help them in developing the art of being patient and empathetic. Let’s encourage them to be a good listener, charismatic orators and great storytellers.

These testing times have taught us numerous lessons on hygiene and why one should be more respectful towards our environment. We agree that these challenges thrown at us in 2020 were unthinkable but we truly believe that we will overcome them and emerge as winners.

We are positive and hopeful for a better tomorrow.

The school is missing all its students.

Hope to see you all soon and wishing you and your loved ones good health, positivity and happiness.

STAY HOME. STAY CALM. STAY POSITIVE

HAPPY HOLIDAYS
