City school focuses on edutainment to foster creativity & competence

Exterior of the school

Redefining learning through the concept of edutainment, MM Public School seeks to blend education with entertainment to foster creativity, confidence, and competence. The 57-year-old school's management team says, "Under the leadership of Principal Rooma Pathak, the school equips its teachers with 21st-century pedagogical skills and provides students with expert training across academics, sports, and the arts." Every concept is made enjoyable through storytelling, skits, role plays and art.

"The achievements of our school in all domains is commendable. Students won gold for a musical performance organised by Gandhi Smriti and Darshan Samiti. Two innovative projects were selected for national round in STEAM Innovation League 2025 – one of the world's biggest innovation leagues in AI, robotics and STEAM. In sports, Parth brought glory by winning gold medal in Indo Kick at Delhi Games 2025. Shri Krishna secured third place in District Level Yoga Olympiad, and Tyakshi Lather won U-12 Single Category and Runner Up in U-14 Singles Category at Super Shots

Principal Rooma Pathak

All India Tennis Championship and emerged winner at the BNP (Baidyanath Prasad) Tennis Tournament in Girls Singles & Double Category," they added.

The school also focuses on enhancing the intellectual quotient of students. The team said, "In Logiqids Mental Aptitude Olympiad, Soham Batra secured 21st global rank, while Kush and Bhavik Garg ranked 85th and 101st internationally. Serving as a catalyst to save environment, Pari and Ahana Katariya secured First Positions, while Avjeet Singh and Nehal Jain earned Third Positions in TERI EIACP's Inter-school Poster Making Competition."

The school ensures student well-being through dental and eye check-ups, menstrual hygiene sessions, and health talks, the team said, adding that consistent admissions and placements in reputed institutions reflect the school's focus on future readiness. Principal Pathak says, "The school remains committed to multidisciplinary learning, 21st-century skills, and competency-based education."
